To Whom It May Concern:

This is a letter of recommendation regarding Mr. Barry Halloran. He is the founder and owner of Lone Wolf Dezin and Build. He recently both designed and built my home on Squam Lake, New Hampshire at 426 High Haith Road.

Mr. Halloran supervised the entire project including surveying, permitting, site work and all construction. This was a very large and complicated project and Mr. Halloran made it essentially effortless.

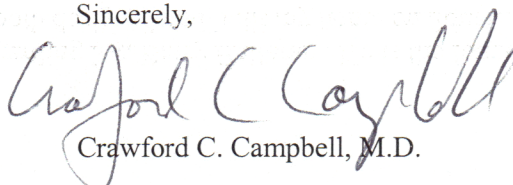

His subcontractors were of the highest quality and did spectacular work. Mr. Halloran personally made sure that every facet of the operation was attended to.

Barry Halloran is a superb craftsman and pays great attention to detail. The finished product, which he created for me, is essentially perfect. Mr. Halloran was always available for consultation, suggestions and concerns throughout the construction process.

I would recommend Barry Halloran and his company, Lone Wolf Dezin and Build, to anyone desiring custom construction. He is honest, extremely hard working, and follows through on every aspect of the construction process.

If you are considering using Mr. Halloran for your construction product and would like to discuss his work personally, I can be reached at (603) 898-2244. In addition I am happy to show or have Mr. Halloran show his finished product at 426 High Haith Road.

Sincerely,

Crawford C. Campbell, M.D.
